PROJECT DOMAINS

Healthcare Systems

Hospital management, ward management, pharmacy inventory control, point-of-sale systems, and inter-organizational claims integration.

Identity & Biometrics

Biometric identity verification systems using Azure Cognitive Services (Face API, Form Recognizer) for document processing and identity validation.

Government & Compliance

Reporting modules for government agencies including Power BI embedded reports and XML-based regulatory reporting.

Enterprise Solutions

ERP systems, financial modules (loan management, petty cash), Oracle enterprise accounting integration, and insurance claims automation.

Reporting & Notifications

Enterprise notification systems (Email/SMS), reporting frameworks, and business intelligence dashboards.

EDUCATION

PGDip Big Data Analytics

Robert Gordon University

BSc Computer Science

University College Dublin • Second Class Honours Grade 1

Higher Diploma in Computer Based Information Systems

National Institute of Business Management

CERTIFICATIONS

✓ Google Data Analytics Certificate

✓ Software Architecture: Developer to Architect

✓ ASP.NET Core Web App Development

✓ C# Certification
